(2). Leases and/or Amendments Pending Execution with Commencement Date before March 19, 2008.

**Renewals**

1. #9084 – Health and Human Services Commission: Amarillo, TX.

Gregg Werkenthin highlighted lease renewal Item #4 (8743) regarding the renewal of a lease for the Department of Family and Protective Services in Longview. Mr. Werkenthin noted that although the agency has 69 FTE’s the lease only allocates 62 parking spaces. However, most of the agency’s FTE’s work in the field and, therefore, the agency is comfortable with the allocation.

Mr. Werkenthin also highlighted Items #8 (7429) lease renewal and #11 (10280) renewal with add space. Although both of the lease properties are on Ledbetter Drive in Dallas, Texas, there is a disparity in the market rate. The lease properties are separated by IH-35 in two different
parts of town with a 3 to 4 mile distance between the properties and the difference in rate represents the submarket for different areas of Dallas.

Chair Reinbeck requested that Mr. Werkenthin brief Commissioner Beckendorf on the history behind the Health and Human Services Commission leases and Mr. Werkenthin provided a brief history on HHSC leases as requested.

The Commission unanimously voted to approve the above leases and/or amendments with the motion to approve made by Commissioner Duncan and a second to approve the motion made by Commissioner Beckendorf. Commissioner Hermosa was not present for the vote.

VI. Consideration and action to approve publication of notices in the Texas Register concerning completion of agency rule review of Title 1, Chapter 122 (Texas Facilities Commission; Facilities Space Planning) of the Texas Administrative Code by readoption with amendment and proposed rule amendments for public comment.

The Commission unanimously voted to approve the publication of the notices in the Texas Register concerning completion of agency rule review of Title 1, Chapter 122 (Texas Facilities Commission; Facilities Space Planning) of the Texas Administrative Code by readoption with amendment and proposed rule amendments for public comment, with the motion to approve made by Commissioner Beckendorf and a second to approve the motion made by Commissioner Stuart.

VII. Consideration and possible action to adopt administrative policies for the Texas Facilities Commission.

Chair Reinbeck began the discussion on this agenda item by stating that it was her intent that the Commission discuss the policies at this meeting and vote on this item at the next scheduled meeting. Thereafter, the Commission discussed the policies with the focus of the discussion on the policies regarding the scheduling of Commission meetings and the dollar amounts for delegated authority to the executive director to execute contracts.

VIII(A). Status report from Internal Auditor, Mark Scott.

Mark Scott gave a brief overview of the agency’s internal audit program to the Commission. Mr. Scott outlined the laws related to the internal controls over the safeguarding of assets, financial reporting, and compliance as well as the standards in which audit work is completed. In addition, he discussed how the agency creates its annual audit plan including examples from the FY 2008 Audit Plan, the issuance of audit reports and what is included in such reports, and recent external audits that have been conducted at the Commission by outside agencies.

VIII(B). Report from the Executive Director and executive staff on facilities design and construction projects, facilities leasing, and facilities operations and maintenance.

Executive Summaries

Edward Johnson stated that the agency has unprecedented volumes of work and expectations from client agencies. He noted that 4 years ago, the agency had $6.4 million of deferred
maintenance funding and the current funding level is $82 million, $64 million of which is pure deferred maintenance outside of the Stephen F. Austin Building renovation. Additionally, it was noted that the Texas Department of Public Safety has 12 new projects equaling $200 million of work. Finally, Mr. Johnson noted that the agency is working with the Texas School for the Blind and the Visually Impaired (TSBVI) to design and construct the next phases of the master plan for the TSBVI campus equaling $62 million of work.

Gregg Werkenthin provided a brief monthly status report regarding facilities leasing and the program. Regarding site visits of lease spaces, Chair Reinbeck informed the new commissioners that the agency’s regional lease officers conduct site visits of leased space to ensure that the accommodations are clean and safe for the employees of our client agencies.

Mark Widaski answered questions regarding projects included in the Monthly Facilities Design and Construction Status Reports. It was noted that significant archeological issues have delayed the DPS Waco Texas Rangers Headquarters project. In answering questions on the Texas School for the Blind and Visually Impaired project, Mr. Widaski confirmed that 60% of the design phase for the project has been completed. Chair Reinbeck directed staff to provide the new commissioners the information detailing the phases of the project that had been presented to the Commission at a previous meeting.

James Barrington presented the Monthly Facilities Maintenance Division Status Reports. He informed the Commissioners that there were no significant developments since the last Commission meeting, but made note that the updated chart in this month’s report includes a chart using the BOMA standards. It was noted that BOMA standards are used in order to have a standard for comparisons, but private industry standards are not a perfect fit for state-owned property management.

Luis Arellano presented a brief financial update to the Commissioners. Mr. Arellano informed the Commissioners that as of the end of the month the agency had 305 FTEs. In addition, he reported a shortfall in the utility budget and noted that the agency reports shortfalls monthly to the LBB. Mr. Arellano informed the Commissioners that the agency has outsourced a custodial contract but that no reduction of work force was necessary due to retirements and employees that have been redeployed to other properties. Finally, Mr. Arellano informed the Commissioners that $3.6 million was transferred to the state treasury through parking fees and the state surplus property program.

X. Recess into CLOSED session pursuant to the Texas Government Code under Chapter 551 for the following purposes:

A. Pending and potential litigation, Section 551.071.

B. Personnel matters, Section 551.074.

C. The duties, roles, and responsibilities as Commissioners of the Texas Facilities Commission, Section 551.074.
D. The deliberation regarding purchase, exchange, lease, or value of real property, Section 551.072

E. All matters identified in this agenda where the commission votes unanimously that deliberation in an open meeting of business and financial issues relating to a contract being negotiated would have a detrimental effect of the position of the State in negotiations with a third person and in which the General Counsel has issued a determination in writing, Section 551.0726.

F. Any matters identified in this agenda where the Commissioners seek the advice of their attorney, Section 551.071.

Chair Reinbeck recessed the meeting at 1:01 PM for the Commissioners to convene in Executive Session.

XI. Reconvene in open meeting and consider action on matters discussed in Executive Session.

Chair Reinbeck reconvened the meeting at 2:49 PM.

XII. Consideration and possible action, if necessary, on any issue discussed during Executive Session.

No action was taken.

XIII. Adjournment.

Chair Reinbeck adjourned the meeting at 2:50 p.m.
