The 2nd Annual "**Legacy in the Making: Building the Lone Star State**" Business Expo is coming soon! This event is a collaborative effort between Texas Facilities Commission (TFC) and Texas State Small Business Development Center. This event is to ensure that all Historically Underutilized Businesses (HUB's) are aware of the upcoming opportunities associated with the **\$1.1 billion** that was appropriated to TFC in the 84th Legislative Session.

All attendees will have the opportunity to meet with key stakeholders from government agencies, universities, architects, engineers, and general contractors.

**Feel free to spend the entire day with us,
or just choose the session that best suits your needs!**
